

## Crisis Management Plan and Procedures

Crisis management plan is essential to face any emergency situations that might occur inside the school campus and safely evacuate all students and staff. It is essential that all emergency drills be taken seriously. Accordingly, all staff members should be fully aware of the emergency procedures and the teams involved in the evacuation process. Clear and definite instructions are given to teachers, students and staff as to the route and the manner of exit during fire drills and emergencies. Fire drills should be held at the end of every month. Earthquake Drills should be held 4 times a year, but they may be held at other times without warning. Tampering with the fire extinguishers will be considered an offense resulting in a substantial fine and suspension from school. All employees must be aware of the location of fire extinguishers in the buildings. A map of the evacuation route is posted on each floor. Emergency procedures are as follows:

### Fire Drill Procedures

#### General Rules:

- 1] In case of fire, notify the Head of the Crisis Management Team (CMT) Immediately: Ms. Dina Mamdouh
- 2] Crisis Management Team will take the appropriate action:
  - Sound the fire alarm immediately
  - Telephone Civil Defense (123)
  - Initiate use of extinguishers as needed.
- 3] Start the evacuation procedures: buildings are to be evacuated in the manner described below.

#### Evacuation Procedures:

In case of fire/fire drill, intermittent quick blasts of the bell will alert the school as to a fire drill.

Upon the sounding of the fire alarm, approved evacuation procedures for all building occupants must be followed immediately:

1. All individuals must exit the buildings orderly and quietly according to the evacuation route, then to the designated assembly areas. Everyone should be advised to keep calm and move quietly without panicking.
2. School campus maps show the evacuation routes and are located in multiple visible spots on every floor. Please follow the directions and exit the building at the Exit sign. All exit doors/stairs must always remain free and clear.
3. Teachers closest to bathrooms must check to make sure they are empty.
4. Teachers who are not in sessions should help out by guiding students who are outside their classes to the exit routes and escort them to the assembly points.
5. Students anywhere on campus, but not in classrooms, should report to their teachers in the designated assembly area in the playground.
6. Line up in the designated area and remain quiet to listen for instructions.
7. Teachers should have a class attendance list to take head count. Any student unaccounted for should be reported to administration immediately.
8. No one should re-enter the school building unless instructed by the administration.

## **Earthquake Drill Procedures**

A continuous blast of the bell will alert the school to the Earthquake drill. Upon the sounding of the Earthquake Drill, the following procedures must be implemented.

1. Duck or drop down on the floor.
2. Take cover under a sturdy table, desk or furniture. If this is not possible, seek cover under an interior wall and protect your head and neck with your arms. Face away from the windows and avoid danger spots, i.e. hanging shelves, windows, mirrors, and/or tall furniture.
3. Be prepared to ride out the quake holding onto furniture, or with your arms protecting your head and neck.
4. If you are outside, move away from the building, trees, electric and gas outlets.

### **Immediately After An Earthquake:**

1. Teachers will instruct the students to evacuate when the shaking has stopped. Any students on the stairs or in the hall should exit downstairs immediately.
2. The building should be evacuated in single file. Keep calm, do not panic.
3. Staff should turn off gas and electricity.
4. Everyone is to go to the designated area and remain quiet to listen to instructions.
5. Teachers should have a class attendance list and to take head count. Any student unaccounted for should be reported to administration immediately.
6. No one should re-enter the building unless instructed by the administration.
